

SAMPLES SHIPPING INSTRUCTIONS (*read carefully*)

✓ **50 samples or more** of the same type are needed to let us trial in production-like conditions

✓ Do you have different product types to trial? Please select ones that are representative of each family: our concern for trials is to get products ranging significantly in **size**, **weight**, **geometry** and **superficial characteristics** (sticky, oily, dirty..)

✓ The received material will be stored for **1 year** from the acknowledgement moment and then will be recycled

✓ Please include this form within the package

Shipping address:

ARS srl con Unico Socio

Via G. Vico, 7

Arezzo - 52100 Italy

to the attention of Mr. XXX

For additional information on how to ship free samples please get in contact with your local courier

Results will be delivered **within 2 weeks** from the material and complete information acknowledgement

COSTS

- If you are based outside of the EU, please ship free samples with your carrier as **DDP** (Delivery Duty Paid). Enclose a proforma invoice with a low value (for instance €10,00)
- Whether products are not marked as **free samples** or any cost occurs for ARS to get them cleared at custom, the parcel will be rejected
- Whenever several components, long or very accurate studies are requested, ARS reserves the right to make a proper quotation and invoice the viability test
- If recycling costs occurs, ARS reserves the right to send testing material back to the customer at customer's expenses
- The customer can request the testing material to be returned at its own expenses.
- Unless otherwise stated ARS reserves the right to keep testing material for its records and eventually training purpose
